

Affordable Websites for your Clients' Hospitals

VetNetwork, the leading marketing solutions provider for veterinary hospitals, would like to partner with you to better market your clients' hospitals.

Our website development team has created six unique and colorful website designs from which your clients can choose. There are two levels of pricing for these websites: \$500 for the Premium Website and \$850 for the Deluxe Website. Each design comes in two distinctive colors.

VetNetwork and you are in the same business: helping veterinarians grow their practices and increase revenues. Rather than working separately in these efforts, both of our companies would greatly benefit by working together.

We have included samples of six designs in this PDF. Please go over these designs with your clients then contact John Longley at VetNetwork when a decision is made.

Is it our goal to work with you and help bring your clients' marketing to the next level.

It is a proven fact that having a **professional, well-maintained and informative website increases revenue.**

- A good website is a powerful and indispensable tool for attracting new clients.
- It is also an excellent way of maintaining the interest of established clients.
- Revenue generated from your VetNetwork website will exceed all your expectations.

Who knows your business better than another veterinarian?

Mark Feltz, DVM is the owner and manager of VetNetwork. A veterinarian with multiple hospital ownership experience for 20 of his 25 years in practice, Dr. Feltz and the staff at VetNetwork specialize in website and marketing solutions specifically tailored for veterinary hospital owners and managers throughout the United States.

VetNetwork knows what veterinarians want. Call us or visit us online to see what we can do for your clients.
